MEETING PLACE IRC meets the second and fourth Fridays each month at 8:00 PM in the United Christiam Mission Bldg. 222 S. Downey Ave. (5800 E. on Washington) & South over R.R.) Visitors Welcome! Refreshments served after meeting.

PROGRAM MEETING: FRIDAY OCTOBER 27th "From Oatmeal Boxes to Cat Whiskers"
by Professor Arthur Schultz W9BR of Marion College.
The beginning of radio up to Marconni...don't miss this one!

AWARDS DINNER FRIDAY NOVEMBER 10th Annual Awards of appreciation Dinner to honor an outstanding Amateur, at Hansel & Gretel Story Book Restaurant 4458 Allisonville Rd. Time 6:30 Social Hour Dinner at 7:00 PM sharp. Alvey Pittman W9EL will give his slide show of his trip to Rome, Italy. Get your reservations in early to Bill Lueth W9AI 6031 E. Pleasant Run Parkway 46219...356-7168.

TOWERS & BEAMS If you have had help with a tower or beam in this area it's probably been done by Dick Lynn. Now after all this time he got his call WB9???

PROGRAM REVIEW The October 13th meeting had Alvey Pittman W9EL showing us his 4-400 GG amplifier with full data sheets and passing out a circuit diagram. Further theory on the GG was explained by Art W9BR who also informed us on "T" & Pi matching networks and other assorted tech. data.

NEW NOVICES Tom Chance WN9KWS and Vernon Miller WN9KXL are proud holders of novices licenses. Both were given their tests by Bob W9PSE and waited about 4 weeks watching for the postman. Tom is busy building a 6146 Rig from the 1972 QST Handbook and Vernon is going QRP with an 18 watt transistor rig. Good Luck on your first contacts and QSL's

OSCAR 6 Bill W9AI advises Oscar 6 the Amateur repeater satellite has been up since Noon Sunday and can be heard on 29.4 to .5 in the 10 meter band. Many W6 and others are being heard, Don Miller is trying Slow Scan TV thru the system. Listen to W1AW on 3580 Khz etc for times etc.

PLEASE POST THIS NOTICE Club attendance has been up at these last meeting, so lets see more of those old familiar faces and bring someone else that want to be a ham. I received a call at the office today a young man wanted to know where to meet some local hams and get started, and did'nt know where to visit. After calling all the TV stations he got Burt Brouse K9JSF at WRTV who sent him to me. Please post this "NEWSLETTER" on your Office bulletin board or give to a potential ham. We're out there they just can't seem to find us on the 2nd and 4th Fridays, or in between.

WANT TO BECOME AN ... "AMATEUR RADIO OPERATOR"..... come to any meeting of the INDIANAPOLIS RADIO CLUB, INC. We have been helping hams since 1914 just think what we can do for you!!!
